UPCOMING EVENT

A one-day Master class to review and discuss opportunities and barriers for retrofitting water efficiency measures in non-domestic buildings.

Wednesday 5th February
Location : BRE, Watford

WATEF, supported by BRE, are hosting a one-day master class on 5 February at BRE in Watford. It is designed to facilitate knowledge exchange and transfer for water efficient retrofits. New technologies mean that water efficient fixtures and fittings are easier to install and maintain and can provide water saving solutions, particularly in combination with user education and engagement.

The seminar will cover the key topics of water efficient retrofit including

: Water use benchmarking, the installers' perspective, rainwater and greywater harvesting, and case studies of non-domestic building water efficiency retrofit.

Delegates should attend this event to:

- Gain insight into retrofitting for water efficiency
- Understand the cost-benefit of water efficient measures
- Learn about The Water Label and how it influences consumer choice and sales of water efficient fittings
- Hear from an installers perspective, using case studies, of the practicalities of retrofitting water efficiency in non-domestic buildings
- Interact with speakers and delegates

Hear from our speakers

The Water Label Company, Isle Utilities, Chandlers Building Supplies, BSi Group, WRAP, Reaqua Systems, Atlas Water Harvesting , WRc plc, *Chartered Institute of Plumbing and Heating Engineering*, BRE.

Who should attend

Building facility staff, building portfolio managers, academics, policy makers and regulators,

commercial plumbers and builders.

What's the cost and how to register

Discount code for members: [WATEF25](#). Delegate fee includes refreshments, lunch and access to the presentations after the event.

Register securely online at www.bre.co.uk/waterefficiency E: events@bre.co.uk or T: **0333 321 88 11**

Book now

Sponsorship and exhibition opportunities

Exhibition space is available at this event at £300 + VAT. Contact E: events@bre.co.uk or T: **0333 321 88 11**

Other news:

Submit your abstracts for the Water Efficiency Conference 2014. We welcome contributions from both academics and non-academics. Further details at:

<http://www.waterefficientbuildings.co.uk/conference>

- We will be holding our **first virtual master class in 2014** and we are looking for **international members** to deliver presentations. Please contact us if this is of interest.
- Be a subject champion! Publish your latest findings and case studies on our website. Further details at: <http://www.waterefficientbuildings.co.uk/62>
- Please help us to keep our databases up to date by notifying us when your contact details change.
- Lastly, we receive collaboration and speaker requests on a regular basis. We are therefore planning a compendium detailing current work, research evidence and expertise of our members that are active in R&D. We will be contacting our academic members shortly but this is open to all members. Contact us if you would like to be included in this compendium.

We always like to hear from you and welcome new content for the website, comments and suggestions. So please contact us on other issues at any time.

In the meantime both Kemi and Suzy would like to wish you a **VERY MERRY CHRISTMAS AND A HAPPY NEW YEAR**

*You can email: info@waterefficientbuildings.co.uk to stop receiving messages at any time.
