Water Efficiency in Buildings Network
www.waterefficientbuildings.co.uk

Newsletter February 2014

The national news has been dominated by water over the past few weeks for all the wrong reasons. However similar watery events have happened in the past – here is an old photograph depicting the London floods of 1928 – courtesy of the BBC archives:

Events.

Register now for the free Water Re-Use in the UK event being hosted by DEFRA, WATER UK, EA and the WATEF network. Further details at: <http://www.waterefficientbuildings.co.uk/51-316>

Registration is now live for our Water Efficiency in Buildings annual conference 2014. This year the conference will be held in September 9-11, 2014 at Brighton, UK. We welcome contributions from both academics and non-academics. Further details at: <http://www.waterefficientbuildings.co.uk/conference>

Other Events

Severn Trent Water have organised a water re-use innovation workshop on 4th March at Severn Trent Centre, Coventry, please contact Keiron Maher at Severn Trent Water for further details. His e-mail: keiron.maher@severntrent.co.uk

Watef Network News

- We will be holding our **first virtual master class** on 4 June 2014 and we are looking for international members to deliver presentations. Members and guests will be able to participate on-line - please register your interest via e-mail info@waterefficientbuildings.co.uk
- Be a subject champion! Publish your latest findings and case studies on our website. Further details at: <http://www.waterefficientbuildings.co.uk/62>
- Please help us to keep our databases up to date by notifying us when your contact details change via info@waterefficientbuildings.co.uk
- Lastly, we receive collaboration and speaker requests on a regular basis. We are therefore planning a compendium detailing current work, research evidence and expertise of our members that are active in R&D. We will be contacting our academic members shortly but this is open to all members. Contact us if you would like to be included in this compendium.

We always like to hear from you and welcome new content for the website, comments and suggestions. So please contact us on other issues at any time.
