- 2. The hotel**

The Hotel

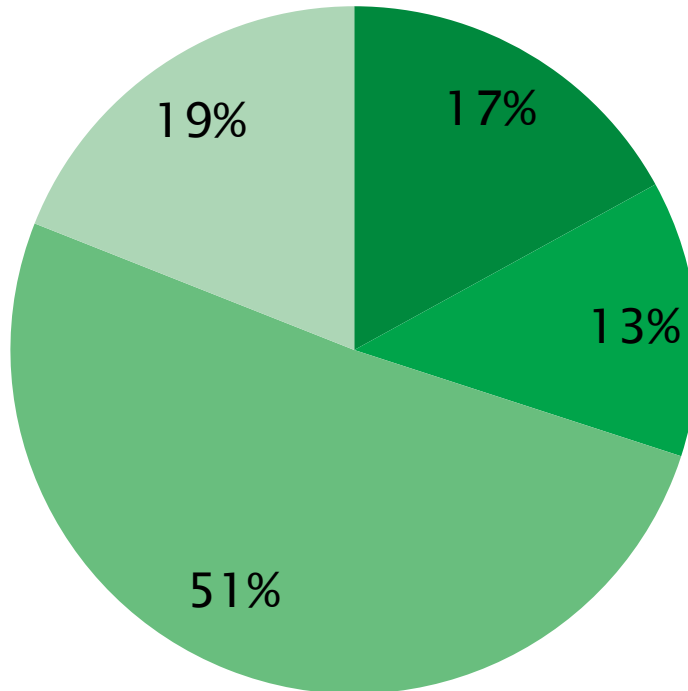

SUSTAINABLE BUILDING SOLUTIONS

SME Water Efficiency Retrofitting: Hotel Case Study

1. How we got involved
2. The hotel
3. Current water consumption.

Current Water Use

Approx 1848 m³ per annum

- WC
- Taps
- Showers
- Housekeeping

SME Water Efficiency Retrofitting: Hotel Case Study

- 1. How we got involved**
- 2. The hotel**
- 3. Current water consumption.**
- 4. Interventions**

SME Water Efficiency Retrofitting: Hotel Case Study

- 1. How we got involved**
- 2. The hotel**
- 3. Current water consumption.**
- 4. Target water consumption.**
- 5. Interventions**
- 6. Behaviour Change**

Thank You
